## PRESENTATION

RAIL, ROAD AND INTERMODAL  
SERVICES ALL OVER ITALY

2022

“

***Logtainer means high  
quality transport:  
easy, efficient and  
sustainable.***

”

# ABOUT US

*The company was established early in 1997 and has been growing ever since, becoming one of the most active private operators on Italian railways. In 2021, Logtainer's turnover was about 78 million ( EUR ).*

## → WHAT WE DO

**Logtainer's** business is container transport in Italy by truck, by rail and by intermodal service. Logtainer offers high quality transport, customer friendly service and sustainable mindset.

**Logtainer** customers are shipping lines and Logtainer mission is to provide them the most efficient and favourable links to and from the main Italian cities/ ports.

To achieve this objective Logtainer is located strategically in the ports, with an Head Office in Genova and branch office in La Spezia.

**Logtainer** branch offices are also located in the inland terminals of Pioltello (Milano area), Rubiera (Emilia area), Padova and Pordenone. These locations are fundamental in the organization of intermodal service.

## → HOW WE DO IT

The services offered by **Logtainer** are supported by modern computer systems. We believe that offering the proper interface to customers systems requirements is a very important aspect in our business.

# LOGTAINER SERVICE

## RAIL SERVICE

**Logtainer** is able to operate by rail both in Italy and internationally.

Our rail links between ports and inland terminals create a unique network that grants a high frequency of service through many important Italian hubs.

## ROAD SERVICE

A modern fleet of about 500 trucks is available to meet our customers' needs throughout Italy.

We assist our clients with the transportation of dangerous cargo, temperature controlled cargo, secure transportation for high value goods, and transport of waste.

## INLAND TERMINAL SERVICE

**Logtainer** also offers terminal services in:

- M.G.M. located at Limite di Pioltello (Milano area)
- Terminal Rubiera (located in tiles area)
- Padova Interporto
- Pordenone
- Piacenza
- Busto Arsizio

**Logtainer** is the owner of Terminal Rubiera and has been investing to improve the operative performance of the terminal.

All these terminals are able to meet lines needs of maintenance and repair service.

## **LOGTAINER TRAINS**

**the Eco-friendly way to move your business**

**In 2021 Logtainer operated more than 6.000  
trains saving 25.000 tonnes of CO2  
( -77% compared with road transport\*)**
